Summary

Final-year Information Technology undergraduate and Full-Stack Web Developer with experience building responsive web applications and backend systems using HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL, MongoDB, Mongoose, Drizzle ORM, and Docker. Skilled in developing RESTful APIs, database design, authentication, and version control with Git and GitHub. Passionate about building scalable, secure, and maintainable web applications.

Projects

Basecampy – Project Management System *Node.js, Express.js, MongoDB, Mongoose, JWT, HTML5, CSS3, JavaScript* [GitHub](#)

- Developed a full-stack project management application with JWT authentication, role-based access control, and RESTful APIs for managing projects, team members, tasks, subtasks, and notes.
- Implemented user registration, login, email verification, password reset, access/refresh token authentication, and project member invitation workflows.
- Built responsive dashboard interfaces using HTML, CSS, and JavaScript for project creation, task management, file attachments, and notes.
- Designed MongoDB database schemas with Mongoose to efficiently manage users, projects, tasks, subtasks, attachments, and team collaboration.

URL Shortener *Node.js, Express.js, PostgreSQL, Drizzle ORM, JWT, Zod, HTML5, CSS3, JavaScript* [GitHub](#)

- Developed a full-stack URL shortening application with a responsive web interface using HTML, CSS, JavaScript, Node.js, and Express.js.
- Built secure JWT-based authentication for user registration, login, and personalized URL management.
- Designed RESTful APIs to shorten long URLs, create custom short codes, redirect users to original URLs, and manage saved links.
- Integrated PostgreSQL with Drizzle ORM and Docker Compose for efficient database management and local development.
- Implemented request validation using Zod and generated unique short URL codes with Nanoid for secure and reliable URL shortening.

Technical Skills

Languages: Java, JavaScript, SQL

Frontend: HTML5, CSS3, JavaScript

Backend: Node.js, Express.js, REST APIs, Mongoose, Drizzle ORM

Databases: PostgreSQL, MongoDB, MySQL

Tools: Git, GitHub, Docker, Postman, VS Code

Education

Haldia Institute of Technology

Bachelor of Technology (B.Tech) in Information Technology

CGPA (Till 6th Semester): 7.08

Haldia, West Bengal

2023 – 2027
